

New regional sales manager for asecos Limited

Gründau, December 1st, 2016 – asecos Limited are pleased to announce an addition to the UK Sales Team.

Mr. Les Day will be managing the Southern Region of the United Kingdom and is commencing his role on the 1st of December this year. Les has an extensive background in Safety and has a wealth of knowledge on offer.

He is based in Birmingham and is providing the following services: Site surveys, where you may need support in defining your storage needs. Training, where he can present to your organisations the asecos range and the background on BS EN 14470, how your business may be affected by improper storage and will give advice on site. Les will be available to work jointly with you on providing storage solutions for you and your clients. His day to day tasks will also include consultancy on cabinet selection as well as any additional services you may require.

Whether you are considering the construction or refurbishment of laboratories or are looking to compliment your existing storage, asecos can be contacted in the following way:

Les Day – Southern Regional Manager

asecos GmbH

asecos is the leading German manufacturer of highly-insulated safety storage cabinets for flammables. For more than 20 years asecos is actively involved in international associations and working groups to develop innovative and sustainable products to meet the challenges of storing hazardous materials in 21st century laboratories and industrial facilities. asecos cabinets are built according to European and American standards and can be integrated into casework or used as free-standing storage solutions. In addition asecos also offers many products for the safe handling of chemicals as well as a variety of extraction systems. Abroad asecos is represented by own subsidiaries in the Netherlands, France, Spain and the UK and maintains a global network of specialized dealers and distributors.
