

asecos at FIREX 2016: Professional storage of hazardous materials on booth G33

Gründau, 1st June, 2016 – asecos, the leading German manufacturer of highly-insulated safety storage cabinets for flammables, are pleased to announce that we will be exhibiting at Firex 2016 in London from the 21st to 23rd of June 2016 on booth G33.

You will be able to see some of our latest products for the storage of Chemicals, Flammable Liquids and Compressed Gases, including a dual branded FM Approved and EN14470 part 1 cabinet. You will also have the opportunity to meet our UK Based team and discuss your storage needs in detail.

Also on our stand you will be able to take a copy of our market leading Hazmat Guide, as well as our latest catalogue with over 20 new additions to the range for 2016.

Storing Hazardous materials? Speak to our team of experts who can guide you through the process. We look forward to meeting with you!

Fire Protection Association Infozone

Under the topic “Storing flammable substances – the safe way” asecos will explain why the correct storage of flammable materials is so important. The seminar takes place at the FPA Infozone on June 22nd 2016 at 1300hrs to 1400hrs.

asecos GmbH

asecos is the leading German manufacturer of highly-insulated safety storage cabinets for flammables. For more than 20 years asecos is actively involved in international associations and working groups to develop innovative and sustainable products to meet the challenges of storing hazardous materials in 21st century laboratories and industrial facilities. asecos cabinets are built according to European and American standards and can be integrated into casework or used as free-standing storage solutions. In addition asecos also offers many products for the safe handling of chemicals as well as a variety of extraction systems. Abroad asecos is represented by own subsidiaries in the Netherlands, France, Spain and the UK and maintains a global network of specialized dealers and distributors.
