## WHO WE ARE

- » **UK branch** of asecos – operating from our office in **Derby**, where we have a fully equipped **Showroom** with **state of the art technology** offering regular **webinar and face-to-face training**
- » asecos is the leading **manufacturer for Type 90 safety storage cabinets** certified to BS EN 14470-1/-2
- » **ION Line** – with the growing reliance on **lithium ion battery** powered equipment, we have developed a range of battery storage and charging cabinets to reduce the associated risks
- » **Made in Germany** – asecos cabinets are manufactured at our headquarters in Gründau (Germany) emphasising the **quality, reliability and superior fire resistance** of 30 or 90 minutes
- » **asecos experts** are based regionally in the UK, on hand to advise on compliant indoor storage of hazardous materials
- » We have an **established distribution network** across the UK and Ireland with **specialist delivery options**

## WHAT WE DO

- » **Site surveys by our experts** to assess your current storage situation and develop a safe storage solution
- » **Professional risk assessments** by our local partners to develop an improvement plan and offer design support for your premises
- » **Quick delivery** throughout the UK of selected stock lines from our own warehouse in Cambridge
- » **Professional installation** by our specialised logistics partner
- » Post-installation **safety checks** and **user training** by asecos as part of our ongoing commitment to quality
- » **Maintenance and safety checks by our own specialised service technicians** ensuring the highest safety for the entire lifetime of your cabinet
- » An ongoing calendar of **Training Programmes**, available **face-to-face or via webinar** via our **asecos UK academy**
